MINK STOLAS AND DIAMONDS, loot from a Feb. 6 Howard Manor burglary, are examined by Police Lt. Robert White and Police Clerk Michele Ailor. More than \$7,000 worth of furs and jewels, including a \$2,000 diamond watch, held by Detective White, were returned to Palm Springs from Boulder, Colo., by the Federal Bureau of Investigation yesterday. The loot was sent to an unsuspecting University of Colorado coed by Larry Lee, 22, and William Reischneider, 21, Colorado University students who admitted burglarizing the Howard Manor and other Village hotels last month. The furs, held by Clerk Ailor, and jewels will be returned to their owners, Harry Liss and Max Galant, through their insurance agents, White said. (Desert Sun Photo.)

Sewer Committee to Name Bond Campaign Leaders

The Citizens Sewer Committee has scheduled a meeting for Friday at 3:30 in the Palm Springs City Council chambers.

The meeting will be held to name active committees to head the campaign, educate the public, and to publicize the project.

AT LAST WEEK'S meeting of the committee, it was definitely established that it would ask for a vote on a sewer program calling for a total of \$1,550,000—\$1,292,140 for purchase of land, to construct a new sewer plant and install a minimum of main sewer lines to resolve the immediate needs, and \$257,860 to be sold later to provide funds for the extension of main lines to future assessment districts as they are assessed.

The benefit of the sewer program, as outlined by the committee,

will include the replacement of the present war surplus sewer plant and allow for the construction of a new one on a more desirable site.

It will provide for present and future sewer needs for the next 10 years.

IT WILL ALSO enable residents to make use of the sewer facility when or if they need or desire it, through formation of a neighborhood assessment district.

According to the sewer committee, the project "will provide residents of Palm Springs with a method of protecting their investments in Palm Springs and satisfy an urgent health and sanitation need."

The new program calls for no sewer connection fees, no monthly service charges, and no mandatory connections.

North Korea Releases 26 'Kidnaped' Prisoners Today

PANMUNJOM — North Korea today released 26 travelers kidnapped 18 days ago by Communist gunmen who shot their way into the cockpit of a South Korean airliner and threatened to blow up the plane unless the American pilots flew north.

The harrowing details of the aerial hijacking unfolded as the Korean Communists, apparently yielding to pressure from Moscow, turned over the 26 at this true village.

THE OPERATION lasted seven hours and was nearly snagged when a Republic of Korea Red Cross representative balked at signing the second of two sets of receipts.

The first of the released prisoners to board a bus bound for a nearby allied base—its destination sign read "Freedom"—were 22 ROK passengers from the ill-fated plane. Then came a West German couple, Mr. and Mrs. Johannes Hinrichs.

LAST TO APPEAR were the airliner's two American crewmen, Pilot Willis Hobbs, Vallejo, Calif., and Air Force Lt. Col. Howard W. McClelland, who was logging flight time as a copilot.

Korean National Assemblyman Yoo Bong Soon told how the Communist agents aboard the twin-engine DC3 seized the plane during a routine flight from Pusan to Seoul Feb. 16 and forced the pilots to land in North Korea.

THE FIRST INDICATION of trouble came when one of the agents slugged Col. Kim Ki Wan, ROK air force public information officer, with a hammer when the plane was between Taegu and Suwon, Soon said.

Then, Soon said, "four other men stood up on one of the men had a carbine. Another carried a

shotgun, and a teen-ager had two hand grenades in his hand threatening the passengers and warning them not to move."

ONE OF THEM tried to enter the cockpit, Soon said, but it was locked from the inside.

The Communists shot the lock off the door, Soon said, and when Hobbs tried to radio for help they took away the radio and warned the two Americans that if they resisted they would "blow up the plane."

Hobbs was greeted here by his blonde wife, whom he embraced and kissed a dozen times for photographers and newsreel men.

"We are very tired and want to go home and get some rest," Hobbs said.

Neither he nor McClelland would discuss the hijacking.

THIRD ARREST MADE FOR REMOVAL OF DESERT PLANTS

Henry Austin, 65, of 65-787 Acoma, Desert Hot Springs, entered a guilty plea in Judicial District Court yesterday to digging up cactus plants in the desert.

He was arrested Saturday by Deputy Sheriff Don Gorman, who has made three arrests under the section of the penal code which prohibits the removal of plants without written permission from the owners of the property and the constable.

Sheriff Joe Rice has asked for a crackdown on plant thefts in the desert, after he was deluged by calls from people who had cactus plants taken from their vacant property in this area.

Austin was fined \$250, of which \$225 was suspended.

City to Start Annexation Proceedings

County Counsel Rules Petition Not Legally Filed

Riverside County Counsel Ray Sullivan today declared that the presentation of a Notice of Intention for the incorporation of North Palm Springs to the Clerk of the Board of Supervisors did not constitute a legal filing, thereby setting the stage for Palm Springs City Council to start annexation proceedings today of part of the area involved.

Sullivan said that first chance for legal filing of the Intention by incorporation proponents can be March 10. City Council is scheduled to meet at 2 p.m., today, to take action, which conceivably could block incorporation.

THE FINDING by the county counsel is expected to touch off a court battle, on whether incorporation proponents or the city should have jurisdiction over the land involved.

City Council today will move toward annexation of two square miles of territory on the northern city limits, the southeast quarter section of Section 34, and all of Sections 35 and 36.

SECTION 36 IS owned by Dr. C. E. Reagan, who has asked the city to annex the land, while the quarter section is the site of the Silver Palm Social Club, which is a prime factor in the incorporation.

Bobby Garcia, club manager, has offered to pay all costs of incorporation, in return for which he will seek a card club gambling license from the North Palm Springs city council.

Sullivan's finding was a major victory for the City of Palm Springs, which on Monday thought that all was lost until the public hearings on the matter.

IT IS UNDERSTOOD that Joe Leonard, owner of property in Section 35, has said that he did not want to be incorporated or annexed, but of the two "would rather go to the south" and become part of the City of Palm Springs.

Garcia, at the time of his opening of the plush Silver Palm Social Club, said that he would be interested in being annexed to the City of Palm Springs, for, if he was, he would be able to put gambling to a referendum vote of the people, and boasts that such a vote would pass by a large majority.

He changed his mind on the annexation proceedings after he was approached by proponents of the North Palm Springs incorporation.

C of C Asks Doubling of License Fees

Convention Hall, Added Staff Is Aim of Board

A proposal for construction of a Palm Springs convention hall, financed by increased business license fees, was today handed to the City Council.

Chamber of Commerce directors have unanimously endorsed a resolution asking that city business license fees be doubled to provide funds for stimulation of conventions in the resort city.

CHAMBER MANAGER Jimmy Cooper said the resolution proposed that part of the new license fees be set aside in a special fund marked for construction of a 2,000-seat convention hall.

The other 50 per cent of the increased revenue derived from double fees would be used to increase the staff and scope of the chamber's convention bureau, Cooper said.

The board recommended that the new fees start with the 1958-59 fiscal year.

COOPER EXPLAINED that current Palm Springs business licenses bring in an annual revenue of \$90,000. Doubling this figure would place \$45,000 in the construction fund. An equal amount would be set aside for operation of the convention bureau.

Chamber directors pointed out that the convention hall would also be adaptable for concerts, plays and sport exhibitions.

Funds pumped into the convention bureau would be used for the development of convention business and small group meetings, according to the resolution.

COOPER POINTED out that there is "a tremendous potential in convention business for the Village that has not been tapped because of the lack of adequate meeting facilities."

The chamber board, Cooper reported, felt that an increase in license fees "is an equitable means of raising funds" because increased convention business here "would favorably affect all businesses in the Village."

House, Senate Reverse Rulings Of Ezra Benson

WASHINGTON — House and Senate farm law writers today agreed on legislation that would reverse price support cuts ordered by Agriculture Secretary Ezra T. Benson.

WRONG WAY HOPE

Russia Issues Visa After He Returns from London

WASHINGTON — Comedian Bob Hope got a visa to visit Russia by flying 3,000 miles in the wrong direction.

For days Hope cooled his heels in London waiting for permission to go to Moscow to film a television show. Finally, he gave up and flew here Wednesday to find the Soviet Embassy more than happy to grant him the visa.

"Apparently they saw my show," said Hope, who described himself as a "cultural exchange." He plans to leave for Moscow on March 14.

THE FAST-TALKING comic said his reception was entirely different from the "lot of trouble" he had at the Russian Embassy in London.

"They treated me like I was Red Skelton or Pinky Lee," he said.

Tamara Mamedov, the embassy's tall, dark cultural attaché, said Hope's visa was waiting for him in London.

"Of course we can give it to him here too," she said with a shrug. "Mr. Hope, he is too fast. Technical things are not so fast."

HOPE STRODE up the embassy steps, smiling and chewing gum. The Russians jovially pumped his hand and led him to an ornate gold-trimmed room on the second floor of the huge Victorian embassy building. They chatted with him for nearly an hour.

"I'm a cultural exchange," he said later. "But they haven't decided what to exchange for me

ROTARY CLUB HONORS were conferred on international relations expert Paul G. Hoffman, center, yesterday. President C. Ronald Ellis, right, presented the former United Nations delegate with an honorary membership in the Palm Springs Rotary

Club as Collis H. Steere, program chairman, looked on. Hoffman, a Palm Springs resident, told more than 150 Rotarians and their guests that a permanent peace is still possible between the United States and Russia. (Desert Sun Photo.)

Two Marines Killed in Car Truck Collision

Two young Marines were killed and two others were injured yesterday when their car sped around a Twenty-nine Palms Highway curve and crashed into an oncoming truck.

Dead were Arturo Sanchez, 19, the car's driver, and John Dubne, 21, both of the Twenty-nine Palms Marine Base.

Treated for minor injuries at Desert hospital were Robert Sittlinghawk, 20, and Antonio Jimenez, 20.

Home towns of the dead and injured Marines were not immediately available, the California Highway Patrol reported.

Patrol officers said that the northbound Marines were on their way back to the base when Sanchez apparently drove too fast around a curve, crossed the dividing line and hit a southbound truck driven by Sheridan Marquardt, 31, also of Twenty-nine Palms Marine Base.

Marquardt was uninjured.

Tunisia Threatens Break With Egypt

TUNIS — President Habib Bourguiba threatened today to break off diplomatic relations with Egypt over a reported plot to assassinate the Tunisian chief executive.

Hoffman Opposes Summit Conference at This Time

Former United Nations delegate Paul G. Hoffman yesterday opposed a Summit Conference on grounds that it would have little effect towards insuring a permanent peace between Russia and the United States in 1958.

Hoffman, nationally prominent industrial executive who is still very active in international affairs, viewed a Summit meeting at this time as another opportunity for the Soviet to "put on a propaganda show."

SPEAKING TO MORE than 150 members and guests of the Palm Springs Rotary Club, Hoffman suggested that the government concentrate on programs designed to create pressure that will cause a change in Russian policies.

"I do not believe that any change in Soviet policy will be brought about by a Summit Conference," he declared. "I agree

with Secretary of State Dulles — this is not the time for a Summit meet."

HOFFMAN REFERRED to the top-level conference suggested by Russia and considered a "good idea" by President Eisenhower. But Hoffman, closely associated with UN delegate John Cabot Lodge, suggested a long range "pressure" program instead.

He also viewed the armament program as poor insurance in what he feels is, at best, a precarious balance between war and peace. But he did not directly oppose defense spending.

However, Hoffman believes that the longer the race continues, the greater the danger "that someone will pull the trigger."

"TIME IS RUNNING out for the possibility of enacting a permanent peace in 1958," Hoffman stated, "and living in this present peace of mutual error is not good enough."

Hoffman suggested that the government strike at Russian policies through three critical areas. He proposed that it is first possible to bring pressure from within, directed towards a reversal of Soviet plans to Communize the world.

HOFFMAN EXPLAINED that the new, rapidly growing Russian middle class is a ripe area for stimulation of new, more democratic thinking.

He advocated encouragement of United States visitations by the doctors, managers and teachers who comprise this new class, pointing out that this group could have strong effect in bringing about changes in Russian policy.

Failure of Last Stage Rocket Given Blame

PASADENA, Calif. — Failure of the last stage highspeed rocket apparently caused America's Explorer II to go awry after reaching orbital altitude, the California Institute of Technology's Jet Propulsion Laboratory said today.

A brief statement by Dr. William H. Pickering, JPL director, said Dr. Albert R. Hibbs, chief of the research analysis section, said:

"The preliminary evidence is that the last stage did not produce any thrust."

"This means it did not get up to velocity and there is a great probability that the satellite is not in orbit."

The laboratory said the scientists could not go beyond this explanation at the present time because information gathered from Wednesday's Jupiter-C satellite carrying missile would have to be analyzed more precisely for "several more days."

MOTORIST LEARNS DOESN'T PAY TO ADMIRE SCENERY

A Desert Hot Springs motorist learned the hard way today that it doesn't pay to admire local architecture while you're driving.

Isaac Lawrence Nihell, of 66-012 West Sixth Street, said he was admiring the Huddle at the Springs restaurant when his car plowed into a parked city street sweeper on South Palm Canyon Drive. Nihell was uninjured, but he drew a citation for failure to exercise due caution, police said.

Second Jet Escapes Ground Fire

Pilot Reported Able to Eject Self from Plane

OSAN AIR BASE, Korea — Communist anti-aircraft guns shot down a U. S. Air Force F86 Sabrejet near the demilitarized zone and barely missed knocking down a second American jet, it was reported today.

The pilot of the second F86, identified as 1st Lt. Ronald E. Martin, Rock Hill, Mo., reported that the airman in the doomed plane managed to eject himself and was last seen drifting down by parachute into Communist territory.

THE TWO SABREJETS were on a low-level simulated ground support training mission for Republic of Korea troops about 65 miles north of Seoul when the Red guns opened up.

"They were just up on some ground support stuff," said one Air Force source, "and bam—this fire hits them."

The demilitarized zone, set up under the armistice agreement, cuts across the peninsula, and separates South Korea from the Communist North.

THE AIR FORCE said the pilot of the second plane "saw the lead aircraft get hit and crash."

It added, the pilot "then momentarily saw a parachute with the pilot floating toward the ground just over the Communist side of the line."

AIR FORCE SOURCES said the United Nations Command probably would call for a meeting of the Korea Military Armistice Commission to discuss the incident. There also will be demands the pilot be returned, if he landed safely, the sources said.

Pilots said there was a "pretty strong" wind blowing in the area at the time the planes were making the low-level passes and there was a chance the Sabrejets could have been blown a bit off course.

It was the third plane incident involving American planes and the Communists in the past 18 months. Last June a U.S. Navy carrier plane was hit by Chinese Communist anti-aircraft batteries off the China coast. In August, 1956, 16 Americans died when a Navy patrol plane was shot down by the Chinese Reds.

Formal WAIF Ball to Feature Entertainment

Second annual formal ball of WAIF, set for Saturday night in the Tennis Club, will not only be a social highlight for Palm Springs, but will include a star-studded evening of entertainment.

Forrest Tucker, who is playing the lead opposite Roz Russell in the picture of "Auntie Mame," will be master of ceremonies for the show.

ALSO APPEARING on the program will be Mel Torme, one of the most versatile performers in show business having proved himself as a singer, composer, choral director and musician. For the WAIF ball he will sing a number of songs recently featured in one of his four popular albums.

Actress Jane Russell will bring part of her successful Las Vegas act here to perform that evening. Those wishing to attend are asked to contact Mrs. George Gannon for tickets.

Air Line Pilots See Little Hope for Strike Settlement

Representatives of the Air Line Pilots Association today saw little hope for an immediate end to the two-week-old strike of Western Air Lines pilots.

Association officials said there have been "no new developments" likely to end the dispute that has grounded 263 pilots and suspended Western service to Palm Springs and other California and Southwestern cities.

C. N. SAYEN, association president, indicated that the pilots are "prepared to remain withdrawn from the company's service as long as necessary" to support their contract demands.

Sayen noted that the airline has asked for a Presidential Emergency Board to intervene, but, he said, "we do not believe a Presidential Emergency Board either necessary or appropriate at this instance."

THE ASSOCIATION president suggested, as an alternative, a "thorough investigation into whether Western is discharging its obligations as a certificated common carrier by suspending service and forcing its pilots to strike."

Sayen claimed that the demands of the grounded pilots are in line with recent agreements reached by pilots of comparable airlines, regarding compensation and working conditions.

Two Young Men Make Gold Prospecting Pay Off Big

MONTREY, Calif. — The thrill of finding a rich strike of gold was real today for two young prospectors who came upon a vein of quartz that in some places was "battered" with golden ore.

The two young miners are James B. Pauley, 26, and Gerald A. Doyle, 27. They made their strike in a mine abandoned and blasted shut decades ago.

SAMPLES OF ORE brought in by the two men assayed as high as \$2,690 a ton. That was for ore chipped from a quartz vein. A larger sample from the mine assayed at \$58 a ton, well worth mining.

The strike was made at the Old Brewery Mine on Gold Ridge, 80 miles south of here. The area was a bustling mining district in the late 1880's, but there is no mining there now and only adventurers like Pauley and Doyle bother to dig for it.

THE BREWERY Mine was worked in 1887 but shortly afterwards its owner, disgusted because his miners were "high-grading," pilfering the most valuable ore — closed the mine with a tremendous blast.

Pauley, a former utility lineman who has been prospecting full-time for two years, and Doyle, who quit a geology course at the University of California recently to join him, entered the old mine by drilling a vertical shaft.

THEY HAVE AN option to buy the mine from its present owners for \$5,000 and have already bought in power mining equipment.

They found the rich quartz vein in the floor of the old mine. It was three feet wide, six inches deep and at least 60 feet long. A newspaperman who went into the mine said some of the quartz appeared to be "battered" with gold.

The two miners said they are not out "to get rich quick. All we want is a comfortable living from mining." They said they are not looking for any backers and plan to exploit their find by themselves.

"This place was ruined once by 'high-grading' and we're not going to take any chances," the prospectors said.

'The Body' to Be Queried Today On Karl Charge

LOS ANGELES — Investigators of the Los Angeles Police Department were scheduled to fly to Cincinnati today to talk with Marie (The Body) McDonald about charges that her kidnapping in 1957 was engineered by her husband, wealthy shoeman Harry Karl.

The blonde actress made the charges against Karl Wednesday after the manufacturer revealed here he had asked Miss McDonald for a divorce.

THE TWO OFFICERS, Chief Investigators Julian R. Blodgett and Det. Lt. Herman Zander, planned to meet with the district attorney of Cincinnati and then talk with the actress.

Karl termed his estranged wife's charges "absurd and ridiculous."

"It's absurd and ridiculous and I think it's in bad taste to get publicity through this method," Karl said. "I feel sorry for Marie. She needs a great deal of help."

A SPOKESMAN for the shoeman said he had "gone to the desert" for a couple of days.

District Attorney William McKessons said he had asked the Hamilton County, Ohio, officials to hold a conference with the actress.

"Her press statements indicate that both she and Karl committed perjury before the Los Angeles County Grand Jury," McKessons said. "This matter cannot be ignored."

"ALSO SHE CHARGES him with conspiracy to commit kidnapping, another felony."

Miss McDonald was kidnapped from her home Jan. 4, 1957, by two men and left about 24 hours later in the desert near Indio, Calif.

Karl and the actress have been in constant marital difficulty since their marriage about 10 years ago. They reconciled the last time in July of last year and then parted in December.

Tickets Are Still Available for 'Ballet Concerto'

Tickets are still available for tonight's benefit ballet and dinner program at the Chi Chi Starlite Room, it was announced today.

The program, benefiting the Palm Springs Desert Museum and Desert Art Center, starts with dinner at 7 p.m. The ballet curtain rises for the first performance at 8:45. There will be a second performance later in the evening.

Tickets for the program may still be obtained at the Chi Chi. The "Ballet Concerto" to be performed tonight features stars from the Ballet Russe, Ballet Theater and other noted companies. Michael Panaieff, founder and director of the group will appear in several dances.

HOFFMAN

ANOTHER IMPORTANT "pressure area" exists in the leaders of neutral nations. Hoffman feels that the opinion of neutral leaders such as Nehru is important to leaders of Russia's government.

Thirdly, Hoffman said that we should single out the leaders of Soviet Satellite nations, who can "wield a potent influence in determining Russian policy."

Hoffman also urged strong support of President Eisenhower's program to extend the reciprocal trade agreements program and the mutual security aid program.

"WE CANNOT HAVE a stronger free world if we do not have freer trade," Hoffman said.

He also cautioned against misunderstanding of the mutual security act, pointing out that "we must concentrate our efforts if we are to counter act Russian actions."

But, despite pessimistic views offered by others on the world political atmosphere, Hoffman feels that "the situation is not hopeless."

"I believe that a permanent peace is possible," he said, "but if we can't constructively use the time we've bought with the billions we've spent for armaments, all those billions will have been wasted."

Blythe, Banning To Be Assigned More Prisoners

Road work under way in the Coachella Valley is not to be disrupted by an influx of an overflow of prisoners from the county jail in Riverside into the road camp at Thermal as proposed last week, according to plans made by the Board of Supervisors this week.

Road Commissioner A. C. Keith told the supervisors that room can be made for about 50 men to be housed in the Blythe and Banning camps. The board granted his request for the jail for purpose of processing, for additional supplies and permission to employ two additional guards for the Banning camp.

KEITH SAID THE guards will be on a salary of \$301 per month at a total of approximately \$1,200 for the balance of this fiscal year, but the definite allocation need had not been determined.

"This will fill the Blythe and Banning camps to more than normal capacity," said Keith, "but the sheriff expects relief in a couple of months as is usual for the time of year."

In addition to the \$4,840 supplies including mattresses, blankets, kitchen equipment and handtools, more money will be needed for feeding the additional men, Keith said, but the exact amount can be determined at the end of the fiscal year (June 30).

SHERIFF JOE RICE who reported last week that 297 prisoners, more than twice the maximum facilities for 147, were jamming the county jail in Riverside, asked the supervisors this week for an additional deputy to be assigned to the jail for purpose of processing, prisoner identification between 12 noon and 8 p.m. This request was granted along with an allocation of \$1,536 for salary for the deputy for the balance of the fiscal year.

The sheriff observed that there has been a 30 per cent increase (conservatively) in jail activities since August of 1957. Daily bookings now run as high as 55 and never under 20.

Painted Ladies Appear in Los Angeles Area

LOS ANGELES (AP) — Swarms of harmless butterflies known as Painted Ladies have been reported in the Los Angeles area during the past few days.

The butterflies, easily identified by their pink, black and grey markings, appeared in the area ahead of schedule as a result of early rains which caused early growth of a weed upon which the Painted Ladies lay their eggs.

Entomologists said the butterflies fed on an undesirable plant known as "pig weed" and did not harm other types of plants, food or clothing. They should disappear late next month or in early May when the "pig weed" dies.

Square Dance 'Hoe-Down' Set For Beginners

City Recreation Department officials today programmed a real "hoe-down" for beginning square dancers in Palm Springs.

The city's first annual hoe-down for beginners is scheduled to run from 2 to 5 p.m. at Ramon Trailer Park auditorium Sunday, said Howard Haddock, city recreation superintendent.

Osa Matthews, dance caller at all city-sponsored square dance programs, will be master of ceremonies. Guest callers will be Lee Mathas, Bob Fern and Tom Davis.

Admission is 50 cents per person. Haddock said that dances for beginners only will be called during the program, but intermediate and advanced dancers are welcome.

Haddock also reported that the city's big square dance jamboree will be staged later this month.

Indio Building Plans Accepted

Final plans for the Indio administrative center project were turned over to the Board of Supervisors this week by Palm Springs architect Stewart Williams.

Estimated cost of the project is \$520,000. Williams said everything will be ready next Monday to set a date for receiving bids.

A Combination

WAUKEGAN, Ill. — (UP) — Plans were afoot here for unification of the city's services. Police and fire departments would be partly combined to have one policeman and one fireman in each safety squad car.

Russians Could Present 'Impressive' Array Of Exhibits at the Brussels World's Fair

By DOC QUIGG

United Press Staff Correspondent

NEW YORK — (AP) — Nobody asked me, but if they did I'd suggest that if the Russians put their minds to it they could present the following array of exhibits at the Brussels World's Fair.

The whole show could be offered within the framework of a huge ballet with music by Tchaikovsky and Shostakovich, based on a Stakhanovite story theme, directed by—oh well, that's their problem, not mine. On with the plain exhibits:

A SNAPPY DRILL platoon of German scientists. Performing with chalk on blackboards.

The collected letters of Premier Bulgain. Hot and cold running footnotes by Nikita Khrushchev.

Expense account of a government-subsidized top-flight chess player, including such items as roadwork and pay of sparring partners in a training camp at an exclusive Black Sea resort.

A FULL-SIZE working model of the first great Russian invention—the wheel.

A pair of walking-out shoes—the ones worn by Gromyko when he set the world record for consecutive U. N. walkouts.

A sample tape recording explaining a Soviet veto—prepared for broadcasting on the people's network (sic), Radio Moscow.

A glass of vodka, displayed against a background of 5,000 selected toasts ready for instant use when the throat becomes parched.

THE FOLKSY, grassroots sayings which Russian U. N. debaters and high-placed diplomats sprinkle into their speeches—all translated, explained, and collected in-

to one volume titled "Assorted Comundra, from Steppe and Tundra."

A huge electronic brain-type automatic two-way upgrader-downgrader machine for handy use in altering the historic posture of figures in the Communist leadership's past.

A COMPANION-PIECE electronic marvel that rearranges the outline of history on short notice, for use by puzzled textbook writers.

Board Receives Air Pollution Control Ideas

First of many anticipated proposals for changes in the proposed rules and regulations of the air pollution control district were received this week by the Board of Supervisors and referred to Air Pollution Control Engineer Clifford Seymour.

The suggestions came from Charles S. Howard of Howard Rose Company in Hemet.

Enough's Enough, Victim Decides

ATLANTA — (AP) — Joseph Crampton Waters obediently handed to three hold-up men his watch, a ring, \$15 in cash and a small check they demanded he make out for "cash."

He rebelled when the thieves suggested he also cash the check. He yelled. The robbers fled.

Congressman Saund Reports on Bill to Give Area Date Growers Better Protection

By D. S. SAUND

29th Congressional District

The Domestic Marketing Subcommittee of the House Agriculture Committee held hearings on Feb. 25 on my bill, H. R. 7937, which would protect Coachella Valley date growers and the Nation's consumers against impure and low quality imported dates and date products.

My bill was considered along with similar bills proposed by Congressman B. F. Sisk (D-Calif.), to protect the fig industry; John F. McFall (D-Calif.), to protect the walnut industry, and James A. Haley (D-Fla.), to protect the citrus industry.

THE PROTECTION sought in these bills is like that now accorded nine other products — limes, grapefruit, tomatoes, avocados, mangos, green peppers, Irish potatoes, cucumbers and eggplant.

Objection to the legislation was voiced by large importers of foreign-grown dates.

I testified to the necessity of establishing the same inspection standards as are now imposed on the domestic date output. That is only fair and just.

I POINTED OUT to the committee that I was personally familiar with the unsanitary conditions existing in the processing of these imported dates in the foreign countries where they are grown. Flies, insects, dirt and disease-carrying germs create a hazard to the consumers and the consumers are entitled to protection.

I stated that there is no reason why the foreign growers should not comply with the same inspection standards as the domestic growers.

At the request of several witnesses, Congressman Harlan Hagen (D-Calif.), who presided at the committee session, carried the hearing over for a week.

I propose to be present when the hearing resumes and I have reserved time for a representative of the Coachella Valley date industry to be heard by the committee.

ON FEB. 4, the House of Representatives passed a bill which will guarantee the use of humane methods of slaughtering livestock as a policy of the United States.

Prevalent methods of slaughter in some parts of the country have caused needless suffering. This will be largely eliminated by the provisions of this bill.

The Secretary of Agriculture will

determine what methods of slaughter are humane. All federal procurement of meat will be made only from packers who use the humane methods prescribed by the Agriculture Secretary. Meat products produced in plants that use the approved methods will be identified by a mark.

IN ITS REPORT, the committee in charge of the bill stated its legislative finding that the ritualistic practices of any established religious faith are humane—but only when the slaughter is actually part of such practices and requirements. An amendment to that effect was

included in the bill to prevent its interference with any religious belief.

This legislation has been long overdue. In spite of the opposition of many large packers, it was adopted by a substantial majority by the House of Representatives.

That is another evidence of the intensely humane and compassionate nature of the American people.

The courthouse at Eastville, on Virginia's Eastern Shore, contains some of the oldest continuous county court records in the United States. The documents date from 1632.

The Desert Sun is an independent newspaper dedicated to truth, accuracy and impartiality in the news; to the progress of the desert region; to the support of that which it believes to be right and to the defeat of that which it believes to be wrong.

Charter Government Will Not Answer Needs of Desert Area

The ultimate need, benefit and wisdom of creating the long desired Desert County to properly and adequately serve the people of the Desert Empire is becoming increasingly apparent with each passing year.

Present attempts to mollify supporters of the movement for a separate county in the Coachella Valley by changing the antiquated form of government in Riverside County to a Charter form only emphasizes the differences, deficiencies and handicaps of having a county seat in far away Riverside.

Even though the desert region were actually accorded equal representation with the City of Riverside on the basis of taxation and population instead of one supervisor out of five as at present, there are three distinct disadvantages to the residents of the desert area which cannot be overcome by any form of government, Charter or otherwise.

First is the vast area of the existing County of Riverside, much larger than a number of States in the union. The City of Blythe is almost 200 miles from the present county seat . . . a long day's drive roundtrip even with modern automobiles and highways. Likewise, it is too distant and inconvenient for residents of the Coachella Valley generally.

Second is the complete contrast in climate and consequently occupations and interests of the people of eastern and western Riverside County. Topographically one has only to drive a car over the protecting mountain range, out of the dry, warm sunny desert into the damp, foggy, smoggy area surrounding the county seat to find its inhabitants living in a world entirely "foreign" to ours.

Third is the economic loss to the desert by not having its own seat of government in its own region. Creation of a Desert County with a centrally located seat of government would not only

bring about efficiency, economy and convenience in operation of services for the taxpayers and citizens of our rich and fast growing Desert Empire, but would greatly increase sound local return and expenditure of taxpayers money in governmental services, employment, purchases and construction of buildings for our own county government. In effect, a large portion of these funds is now being siphoned off annually for expenditure for such purposes in the remote eastern portion of Riverside County.

It is patent that adoption of the proposed Charter form of government will not reduce the too large size of Riverside County, will not change the contrasting climate, topography or occupational interest of the people, and, certainly will be of no practical economic benefit to the residents of the desert.

The forthcoming election to change to a Charter form of government will be watched with interest, but even if adopted it will in no wise alter the need for separation of the county to give the desert its own "local" government.

While the creation of a new county is a somewhat difficult legal and legislative undertaking, it is by no means impossible. This is especially true where the "cause is just" and the reasons for it so clear-cut.

A strong energetic organization might well win the support of the State Legislature or even the sympathetic support of the voters of the State at large should it become necessary to place the request for creation of Desert County on the ballot.

While it may require several years to lay a proper foundation for the formal creation of Desert County, now is the time to renew and increase our efforts in every possible way.

The sooner we get a good start, the sooner it will become a reality.

There Goes the Debt Ceiling

WASHINGTON, D. C. — What is a debt ceiling? Congress has changed the law so that the national debt, once limited to \$275 billion, can temporarily go to \$280 billion. But a debt ceiling is many things to many men. It's all in the eye of the beholder.

A capitalist plot: To Senators who regarded the Federal Government as the Good Provider of social welfare, "fixing a debt ceiling is unsound in principle . . . my fear has been that many will use tax reduction as an excuse to deny the appropriations necessary to put five million (people) back to work, to provide the houses which are needed, to provide the urban renewal projects which are needed, to build the schools which are needed, to construct the roads which are needed: in short, to give us all the improvements in the public segment of the economy which the country so desperately needs." (Sen. Joseph Clark, D., Pa.)

A SQUANDER prevention: To statesmen who see peril in bankruptcy and inflation, the debt ceiling is a safety catch on Federal spending. Thus, to raise the debt ceiling "will have the effect of taking the lid off" Federal spending. Moreover, Congress is trying to fight inflation, so that "the effect (of raising the debt ceiling) upon the people of the country and upon their confidence . . . in their Government . . . would be disastrous." (Sen. Norris Cotton, R., N. H.)

A method to help Congress control the purse: To those who fear the continued encroachment of Executive power, it is unhappily plain "that Congress has virtually lost control of the finances of the Government. Last year the Congress reduced the appropriations by more than \$3 billion; yet the expenditures . . . were increased \$200 million more even before the first spurt . . . Unexpected balances were used." Our debt ceiling is the only means left to Congress to control Federal spending. (Sen. Harry Byrd, D., Va.)

AN ENCOURAGEMENT to Communism: To find the fixed debt ceiling implies that American economy is also fixed. This is "one of the most vicious charges made against our country by the men in the Kremlin"—namely that, "capitalism can not afford to pay for national defense." (Sen. Robert Kerr, D., Okla.)

A discouragement to investment: To others who feel that means more Federal purchase privately-produced goods from farm and factory. Thus we should spend more, not less. To retain the debt ceiling "would be a shocking blow to the confidence of the people." (Sen. Jacob Javits, R., N. Y.)

A CHECK ON CONGRESS, too: To those who believe in the Constitutional system of checks-and-balances, it is important for Congress to restrain itself as well as the Federal Government.

A debt ceiling, then, "acts as a dissuading influence, not only upon the Administration, but also upon Congress. If it does not, it should. If it does not, the evil of the (inflation) situation lies upon the shoulders of . . . Congress." (Sen. Frank Lausche, D., Ohio.)

Like blind men describing an elephant, the separate Senators tend to know only that part of the animal which comes under their personal touch. But these above-cited descriptions add up to mean that the subject of the Federal debt is quite a monster.

UP TILL THIS present session there was a disposition to work toward reducing the debt. The Eisenhower Administration set that as one of its goals. The Senate Finance Committee, headed by Senators Millikin (R) and Byrd (D), has in the past been even more determined than the Administration to lower the debt, or at least keep it from climbing.

But here in early 1958 we see a startling change. The very first important money bill of the session, passed by both chambers and signed by the President, has been this one — to lift the debt ceiling. There is talk that the next action will be to abolish the ceiling altogether.

Depending on which of the foregoing definitions is closest to truth, economists will despair or rejoice. But, for better or for ill, something very radical has taken place.—Holmes Alexander.

Must We Like His Dog Too?

THIS SIDE of The Sun By Phat

I really miss
With pangs acute
That cheering sound,
That noon-time toot.

Of course, it all depends upon the viewpoint and where you happened to be at noon.

A few blocks away from the old fire station, those two blasts when it was 12 o'clock, on the meridian, straight up, were a welcome sound.

You could set your watch by it knowing that Fire Chief Bill Leonosio's boys wouldn't gyp you even a fraction of a second.

BUT IF YOU LIVED next to the fire station or even within a block, that noon time blast could really sock you.

I've seen people so unnerved when, walking by the fire station, their ears were suddenly whacked right on the drum by that old ball at the station, that they shook like an aspen for two blocks.

For those people, skip the top effort and use this:

No more they jump
Out of their skin
To hear at noon
That raucous din.

THE OLD HOARSE, gravel-throated horn which for years told us when it was noon or summoned the volunteers to the scene of some conflagration (fire, to most people) has been ruthlessly abandoned by the fire department in its move to a new location at the old Safeway parking lot on Indian Avenue.

After all of these years of notifying people to drop everything and go eat lunch, it has been cast aside.

THEY TELL ME that several protests have been heard by city Council over the uncanny silence at noon. On the other hand, people with weak hearts are gratefully. They can now trot Palm Canyon Drive sidewalks without fear of suddenly being blasted right into a doctor's office.

Was worried for a while, what with the fire department moving, what was to become of those one-time controversial comfort stations, or rest rooms, or any other euphonious name, in the old building.

BUT I GUESS they have just been transferred to the jurisdiction of Chief of Police A. G. Kettmann and his staff.

The police are going to occupy the second floor of the old fire station until their own new quarters are built.

So people won't have to worry where to go for a year and a half, maybe.

JIMMIE HURLOCK who fits feet at the Desert Bootery, has an idea. He thinks that instead of some volunteer being given a free ride in a space ship to the moon, the government should make a proposition to condemn men.

"Instead of walking that last long mile to the execution chamber, take a chance on our satellite. If you come back alive, you're free. If you don't — well, you were going to die anyway."

Don't they call the moon Luna? The guy who accepted that offer could add a "tic" Look at Chessman. He's still alive.

STAN DELAPLANE'S Postcard

The other night I went down to Ernie's in San Francisco to audition the tortellini. Tortellini is an Italian pasta. Little rolls of pasta, stuffed with meat and covered with a cream sauce. It is best sprinkled with fresh ground pepper.

Ernie's is an elegant restaurant, all gilt and red plush of the gaslit era. It lies in the old Barbary Coast section. Alfred Hitchcock is using it in a picture called "Vertigo." Just made a couple of shots in San Francisco. Then he had the whole restaurant rebuilt exactly on Stage 5 at Paramount Studios, the way they do the sets in Hollywood with money to burn.

ANYWAY, I HAD been reading a review copy of "Park Row," which ought to be out any day now. Book about New York newspapers around 1900.

There was a story of James Gordon Bennett, the publisher. One day he dropped a roll of bills near the fireplace. A reporter fished them out of the way. Bennett got livid.

"Maybe I wanted them to burn!" he said. He took the roll and heaved it in the fire. A real weird-o.

MATTER OF FACT, nearly all publishers were short a few marbles, judging from the book. Rich and cracked.

Most newspaper books show reporters and desk men as being a little off their rockers. But from this book you can see why. Look at the people they worked for.

When I was typing up lost dog stories and wading in blood for the dailies, we had a rich field in this area around Ernie's. Ernie's in those days was a sawdust-floor saloon and spaghetti house.

THE DISTRICT was full of ladies—I forget how we referred to them. Something delicate, like "well-known night life figures." Anyway, such ladies were constantly gunning their boy friends. Or sticking them with a sharp ice pick.

Mother's Day is Approaching

MIAMI BEACH — Come next Mother's Day the Mother's Day Committee should take up the question of what kind of songs our kids are going to be singing about their mommies when they grow up.

Do you remember—from "Mother Machree"—the line, "I love the dear silver that shone in her hair?"

When our son Sluggie gets middle-aged and warbles about his dear mother down at the corner taproom, he will remember how her tresses lightened with the advancing years — first she was a brownette, then she went henna, and now she's what they call "apricot."

Comedian Dave Barry dwells on this in his night club act. Dave is from Beverly Hills and is very observing. For example, he says the Beverly Hills supermarkets are so big that down at one end they have fresh strawberries and down at the other end they're out of season.

He sings:
"My Mommy, gee but I miss her frozen foods
Her Miltowns and also her neurotic moods,
Every Friday night it was just the same,
Papa cooked while Mommy went to a poker game.
Still I owe what I am to the woman who reared me, so sweet and so gray
While my Mommy was learning to do the Cha-Cha-Cha down Havana way."

In the opinion of another comedian, Henny Youngman, some of today's kids could write a song right now, entitled, "Where, Oh, Where Is My Wandering Mother Tonight?"

Jack Carter—in his hilarious act at the Americana—tells about a Marilyn Monroe-type beauty who spots a window-washer outside her window and decides to entrance him by exposing more and more of her beauty to him.

As she takes off more and more and he is unconcerned, she finally goes to the window and stands there naked and stares open-mouthed at him waiting for him to exclaim.

And he does exclaim, too. He exclaims, "What's the matter lady? Ain't you ever seen a window-washer before?"

Sinatra Wants Simmons

HOLLYWOOD — Jean Simmons is Frank Sinatra's choice for his leading lady, the role of a minister's daughter who reforms a gambler, in "Devil-May-Care." It starts at MGM in October with Garson Kanin triple-threatening as writer - producer - director.

Sinatra, father of three, attended Edward G. Robinson's "Middle of the Night" opening at Hollywood's Hartford Theatre with a beautiful blonde model, Shirley Bonne, mother of three.

THE WINDY CITY'S Arthur Elrod romped back from Honolulu with a recommendation for a new act to play Chicago's Chez Paree: Yaka Tamashura, headlined mimic at Honolulu's Oasis Club.

Commissioner Elrod tells me Yaka really racks up the yaks with his Belafonte and Sinatra riffs . . . Political Prattle, Hollywood-style: "Let's talk about the election — who d'ya think is gonno be the next Mis Rheingold?"

LIFE - SIZED STATUES of eight Hollywood stalwarts who campaigned years ago to keep Beverly Hills from becoming part of the city of Los Angeles will be erected at the corner of Beverly Drive and Olympic Boulevard in Beverly Hills. Fundraising drive for the octagonal marble - & - bronze tribute was started by another silent star, Corinne Griffith.

Only female star to be honored is Mary Pickford, who is now posing for the statue wearing a replica of a gown from the movie she likes better than any she ever made — "Rebecca of Sunnybrook Farm."

OTHERS IN THE statue will be Douglas Fairbanks in his "Three Musketeers" trappings, Tom Mix and Will Rogers in cowboy outfits, Rudolph Valentino in his robes from "The Sheik," Harold Lloyd hanging from the hands of a clock in "Safety Last," Conrad Nagel in the businessman - type suit he wore in the first "Stage Struck," and Fred Niblo holding the megaphone through which he directed the first "Ben Hur" . . .

The tennis-playing Bob Wagner waited in from Palm Springs with this: "I came unstrung at the Racquet Club — and now I ain't got no guns"

TV TOPICS — Ginger Rogers is scheduled to whip up an ice cream soda on her own do-it-yourself soda foundation at home for her Person-to-Person show, Ed Murrow tomorrow (March 7) . . . Sindlinger Reports claim that there were 89,700,000 TV viewers cross-country for the week ending Feb. 1, and another 69,200,000 ether - eavesdroppers

alongside their radio sets—but that attendance at movie theatres dropped 5.4 per cent below the same week a year ago.

P.S. from Sindlinger: The movie making the most money in the U. S. is "Sayonara" . . . Despite her comeback on Playhouse 90, silent star Blanche Sweet has not as yet given up her job selling dresses in a Los Angeles department store. One thing's for sure: the dress business holds more security than show business.

ARRANGEMENTS HAVE been made to show films of the March 26 Academy Awards Oscarcast in Europe, Asia and South America, which means "admissions" to Hollywood's Big Night this year should total approximately 225,000,000 — and all for free! . . . Sign on a movie critic's car: "Help Stamp Out Popcorn."

MGM decided to invest another \$50,000 to shoot 10 to 12 minutes of connective scenes as added footage for the first three episodes of its new Northwest Passage series for NBC-TV—and to release the completed package as a feature movie to theatres outside Canada and the U. S. A big bargain for overseas audiences, most of them very-warm-for-Western-movie-fans.

I caught Julie London knitting setside between camera setups at Television City and asked "Watcha knitting?" Julie: "Shorts." Me: "Shorts? Who's the lucky guy?" Julie: "Bobby Troup." Me: But I've never heard of knitted shorts." Julie: "Neither have I!"

Dear Abby . . .

DEAR ABBY: My husband's ex-wife must take this place for an orphanage. He had three children with Wife Number One and we agreed to take them during the summer, but we have had them dumped on us for better than half the year. They are mean and hard to get along with and fight with our two children. His ex-wife is really batty. She goes from one trial-marriage to the next and asks us to keep her kids while she is testing the marriage. We are not set up for five children and we find this constant dumping of her kids on us an inconvenience. Isn't there a law or something ABUSED

DEAR ABUSED: (and you will continue to be "abused" as long as you hold still for it.) of course there's a law. See your lawyer.

DEAR ABBY: I am 53 years old (a bachelor) and am trying to make up my mind between two women. Ella is 44, a divorcee who is very affectionate and lively, but keeps about 3 or 4 men on the string at one time. No children. Barney's widow (42) is the quiet type. Easter Seal Drive Started In County Today

The Crippled Children's Society of Riverside County today kicks off a month long campaign to raise operating funds for the crippled children of this county.

In a drive which will leave 75 per cent of the collected monies within the county for its use here, the goal has been set at \$25,000 for Riverside County, and \$1,291,000 in California.

IT IS ESTIMATED that 300,000 persons in California are physically handicapped and need help through the Easter Seal Drive.

This year is the 25th annual Easter Seal Drive, and this year the seals will be sent to 70,000 homes, and 120 volunteers will put out posters and containers at the same time.

ABOUT MARCH 29, the Society will hold a Lily Parade and sale in Palm Springs.

The local society was started in 1945 as a non-profit organization and is incorporated. Its purpose is to create public awareness of the needs of the handicapped.

PARIS (AP)—Who's the most popular American movie star Jimmy Stewart, Cary Grant, Jeff Chandler?

Why, any girl-in-the-street will tell you—it's Eddie Constantine.

Constantine. Any girl in a Paris, Berlin or Vienna street, that is.

Chances are an American movie goer will ask, "Who's that?" and with good reason.

CONSTANTINE is an expatriate American who has played in continental movies, mostly French and German, but none in the United States. The ex-crooner starter, and has specialized in tough-guy parts, a la the late Humphrey Bogart.

Right now Constantine is looking around for just the right girl to introduce him to the folks back home.

IT MIGHT BE Marilyn Monroe, Ava Gardner, Jayne Mansfield or Anita Ekberg. Only none of these lovely ladies, it seems, has yet made up her mind whether to team with Eddie in what would be his first American film—A United Artist thriller entitled "Short Weekend."

"I need a big girl star as a locomotive to pull me in," Eddie admits.

"Over here I'm big, very big. "But in the United States no one's ever heard of me."

THE CAMERAS may start grinding in April or July. It all depends on how soon a leading lady can be lined up.

No one knows how Eddie's first Hollywood venture will go over with stateside audiences. The only previous Constantine movie seen in U. S. theaters—a 1953 French product called "This Man Is Dangerous"—had a dismal

mally short run in grade B houses.

Forty-one-year-old Constantine, born in Los Angeles, spent much of his early life in Rhode Island Hollywood and then moving to New York City.

IN HOLLYWOOD he was befriended by Joan Crawford and Johnny Weismuller, who helped him get walk-on parts. But he never caught on there.

He has not returned to the states since he left in 1943.

Constantine is understating the case when he says he's "big" from Copenhagen to Rome, and from Brussels to Vienna.

HIS AGENT, Jacques Allain, claims Eddie's take per picture—65 million francs (\$155,000) plus 20 per cent of the profits on French films, 100 million francs (\$238,000) on German productions—puts him at the very top of the heap, ahead of even Brigitte Bardot.

He is booked for four German films in the next four years, plus at least four more French productions by the end of 1959.

Yuma Study May Benefit Citrus Growers

Formal permission was given by the Board of Supervisors this week to N. L. McFarlane, farm advisor, for D. D. Halsey's two months stay in Yuma for the study of citrus diseases and root stocks in that area.

The study is to be made in relation to citrus in the Coachella Valley. Halsey is expected to return April 1.

Ramona Play Rehearsals Are Now Under Way

Preparations for the 31st annual staging of the famed Ramona Outdoor Play, California's most beautiful theatrical spectacle, will get underway this week when rehearsals start in the historic Ramona Bowl in Hemet.

Under the direction of Ralph Freud, of the Theater Arts Department of UCLA, Actress Sandra T. DuBow, of the Pasadena Community Playhouse, will take over the role of Ramona, for the first time and Maurice Jara, of Claremont, will play his role of the Indian hero, Alessandro for his seventh season.

MORE THAN 350 residents of the San Jacinto Valley will gather at the Ramona Bowl, to start preparing for their individual participation in this episode drama of early California life.

Though many of the townspeople of Hemet and San Jacinto are appearing in the play for the first time, there are quite a few who are "regulars," having almost grown up with the yearly presentation.

JOINING THE company, in a new role this year is Dean Long, an English and drama teacher at the San Jacinto High School. He will take over the role of Father Salvaderra.

Reservations for the colorful dramatization of Helen Hunt Jackson's historic novel, may be made by mail order to the Ramona Pageant Association, Box 218, Hemet.

Justice Courts Now Have One Senior Clerk

The justice courts of Indio, Palm Springs, San Geronimo and Temescal are to have senior clerks, in each case the position of one intermediate clerk being changed to senior clerk, with the senior clerk to be in charge of other clerks in the court.

The change was authorized by the Board of Supervisors this week in accordance with a Grand Jury recommendation followed up by study and recommendation of Personnel Director Donald Spencer.

Spencer said that in Palo Verde, Indio, Palm Springs, San Geronimo, and Temescal courts, his study shows the judges now leave the entire clerical responsibilities to one employe instead of the judge allocating duties to employes himself.

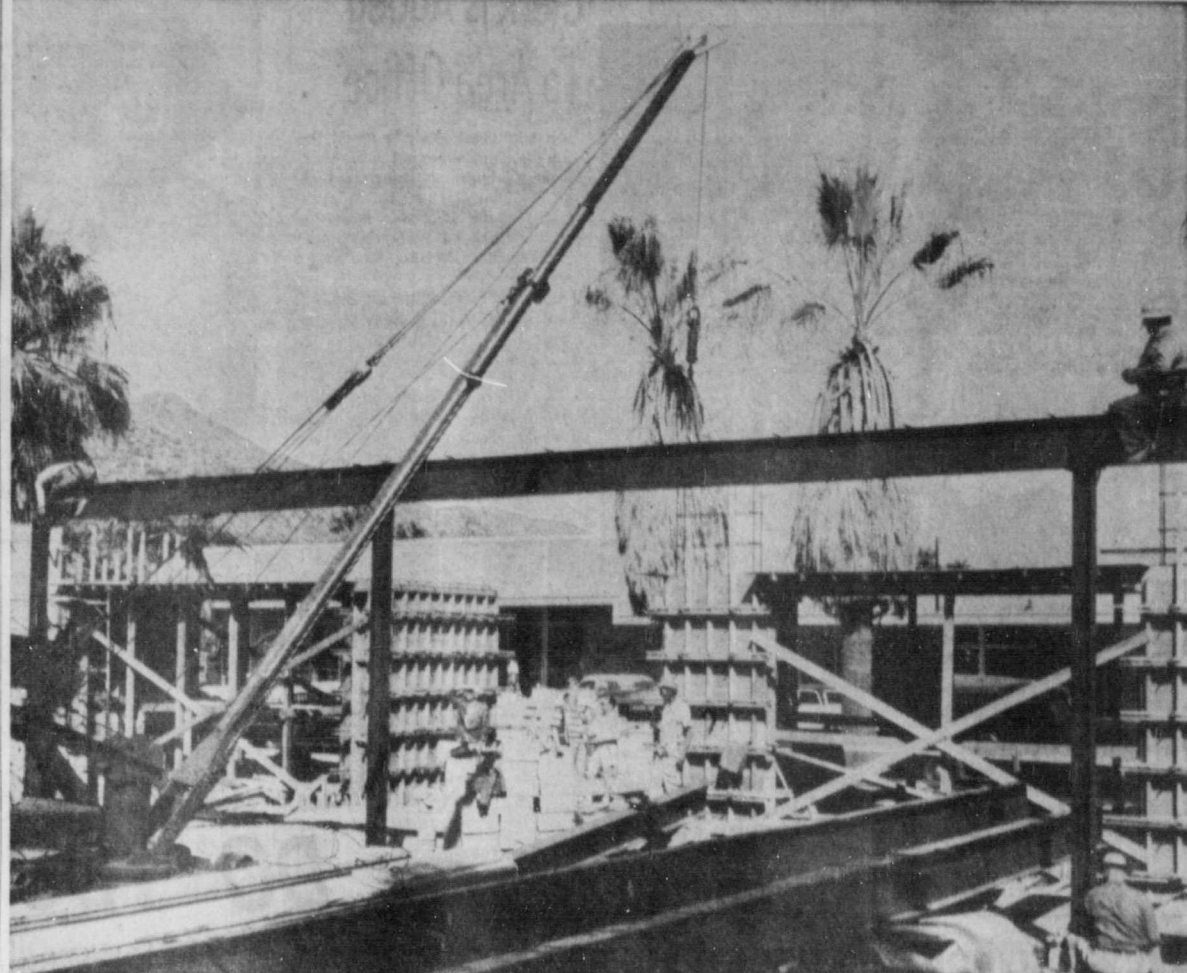

Dos Palmas Well Water to Be Given Treatment

An agreement for installation of a defluoridation water treatment plant for treatment of water from wells east of Palm Drive in the Desert Hot Springs area was approved by the Board of Supervisors this week with the Dos Palmas Mutual Water Company.

The equipment for treatment of water for wells located in the Dos Palmas area was specified by the County Health Department. Its cost is estimated at \$12,000.

Noted Naturalist To Be Museum Speaker Friday

Dr. Ernest R. Tinkham, naturalist, will offer a special Desert Museum talk tomorrow evening at 8 in Frances Stevens Auditorium, 538 North Palm Canyon Drive.

Dr. Tinkham, having recently completed a year's study of dune areas and their life forms, will show group of Kadochrome slides illustrating the dunes of California, Nevada, Sonora and Baja California and the great variety of living things to be found in such seemingly lifeless sand regions.

This program will afford an easy way for the visiting tourists to gain a knowledge of the western deserts that otherwise would take miles and hours of travel. Dr. C. E. Smith, Museum curator, said.

It's Woman's World for Sure, Trainwoman Started in Yard During War, Still on Job

By DICK GROWALD
United Press Staff Correspondent

SYRACUSE N. Y. (AP)—A five-foot 119-pound member of the Brotherhood of Railroad Trainmen sees nothing strange about being the local group's single female member.

Mrs. Irene Ingison, 40, works as a switch tender in the New York Central system's freight train yards. She considers her job a most ladylike task.

"Why not?" she said. "It's a woman's world."

THE PERT RED- HAired trainwoman works at night. Mrs. Ingison's work consists of yanking those hand-operated rail switches that route the trains through the yards.

She wears trainmen's coveralls T-shirts and boots. On tough days Mrs. Ingison gets worse than dishpan hands.

"It's not exactly washing dishes," she said. "But it pays a darn sight more."

"Most women are flabbergasted when they find out what I do for

a living. It used to kind of get me. But now I'm proud of it."

MRS. INGISON, the mother of a 17-year-old boy, joined the railroad yard crew during World War II when able-bodied men in civilian dress were hard to find. Many other women also did.

Unlike the rest, Mrs. Ingison stayed on after V-J Day. "I've been doing this for nearly 14 years," she said. "It's a riot."

"There was the time I was working in a railroad yard shed and two bums stumbled in. They took one look and ran off yelling that the world was turning against

them. Some people just can't stand change," she laughed.

"The train crews used to gawk and stare when they first saw me," she said. "Now they take it in stride. It used to make the fellows tone down their language."

"But not anymore. Now they think of me as just one of the fellows."

Jackie Cooper Reaches Back 20 Years To Bring His Role of Skippy to Television

By VERNON SCOTT
HOLLYWOOD — (UP) — Jackie Cooper, the tousle-haired kid actor who grew up to be a tousle-haired TV star, is reaching back about 20 years to bring his childhood role of "Skippy" to television.

Cooper will produce and direct the new series which he hopes to launch next fall. He already has chosen a youngster for the part, but won't identify the boy.

"THE KID LOOKS something like I did when I played Skippy," Jackie said. "But I don't want to name him until we shoot the pilot."

Cooper, who originated the character. The strip began 35 years ago and ran for about 20 years. I guess the younger generation today has never even heard of Skippy.

"Most people think I played the role dozens of times. Actually, I appeared in only two, 'Skippy' and 'Sooky,' when I was eight years old."

"WE'RE GOING to keep Skippy just as he was in the movies, wearing the same funny checked hat, long coat, short pants and sloppy socks. He'll even wear the Buster Brown collar and droopy bow tie."

"The great part about the show is that we have enough material from those years of comic strips,

plus four books on Skippy, to see us through four years of programs."

COOPER, who stars in and directs NBC-TV's "The People's Choice," still pulls at his pouting lower lip as he did 25 years ago.

"I get a big kick watching my old pictures on television. I was only three years old when I started out. And I think I was about seven when I joined the 'Our Gang' comedies. Somehow, seeing the little boy on the screen is like watching a complete stranger," he grinned.

The bugaboo of all tele-series starring youngsters is having the star outgrow his part. Cooper is undecided about how he will handle the problem.

New Playhouse Production, 'Separate Table,' Rated Tops

Palm Springs Playhouse audiences were served "roast beef rare fare" Tuesday night when "Separate Tables" opened with Margaret Phillips and Don Porter in stellar roles.

This Terence Rattigan play about what might seem, on the surface, to be uneventful happenings in a small private hotel in England is compassionate and understanding in the unraveling of situations which become highly dramatic.

THE PLAY ALSO is unique in that two distinct episodes are presented with only the two stars playing dual roles. Miss Phillips proves herself to be one of the finest actresses yet presented at the Michael Ferrall's theatre-in-the-round.

Her amazing speaking voice remains in memory long after the final curtain and she plays her glamorous role in the first sequence to a high point, by the same token, she becomes to the same degree a pathetic, mother-dominated creature in the second act.

DON PORTER PLAYS his dual role with force and mastery, and the same can be said for him as Miss Phillips, he is one of the finest actors yet presented at the Playhouse.

A strong cast supports them, with Jessie Glendinning playing a

new type role for her, that of a thoroughly distasteful mother who derives strength from the leeching on her only child. Lynn Bailey and John Bonitz bring interludes of lightness to the play as the only young people at the hotel.

GEORGE WOMACK as the aging and scholarly Mr. Fowler gives a striking performance and a close audience range his transition is all the more amazing. By no gesture or action does he step out of character.

Others in the cast who acquit themselves with individuality are Phyllis Flax as the frustrated English woman who has devoted her life to the races as a shield against the loneliness of her existence. She is barely recognizable as the gray haired, dowdy sports-woman except for her voice.

Marrian Walters gives a strong characterization to her role as inn keeper and approaches her guests' problems objectively and affirmatively. Rounding out the cast are Dori Warren as an impoverished noblewoman and Jean Patane and Betty St. George as waitresses in Miss Walters' small, private hotel. Michael Ferrall directed.

Advertising
DO YOU THROW MONEY AWAY?

9

REASONS WHY...

... Goes Farther in Newspapers Than in Any Other Medium

- 1 Newspaper advertising reaches more people. 82% of all people 12 or more years of age read the newspaper daily.
- 2 People like advertising in newspapers, resent it in other media, especially Radio and TV.
- 3 Newspapers deliver more "ready to buy" prospects. Readers are attracted to ads that interest them. Broadcast listeners are attracted by the program, not the product.
- 4 Newspaper advertising gets more action, because people believe what they read.
- 5 Newspaper advertising offers more local selling flexibility, timed and measured to meet selling opportunities, or competition.
- 6 Newspapers give more flexibility in selling copy—both physical (size of impact) and creative (to hold reader interest).
- 7 Newspaper advertising offers better retail merchandising help, as borne out by the fact that retailers spend more in newspapers than in all other media combined.
- 8 Newspaper advertising is a safer and surer investment because it is free of the medium's own competition, is always ready to serve you.
- 9 Newspaper advertising produces more sales per dollar—costs less to make a sale.

Bishop to Be Chief Speaker at Deanery Meet

Bishop Richard H. Ackerman will be chief speaker and guest of honor at the next luncheon of the Palm Springs deanery of the Diocesan Council of Catholic Women, Mrs. Frank Scully, president, announced today.

The luncheon will be held in the auditorium of the St. Louis Church, Cathedral City, on Tuesday, March 11, with Father Joseph Leissler acting as host to His Excellency and the women of the deanery.

THE DEANERY includes all parishes between Perris and Blythe, and as far north as Twentynine Palms.

This will be Bishop Ackerman's first appearance at a special function in the Palm Springs area. He is unusual in that he was a priest in the religious order of the Holy Ghost and bishops are usually elevated from the regular priesthood.

BORN IN PITTSBURGH, Bishop Ackerman is a graduate of Duquesne's college of draughtsmanship. He studied at the University of Michigan and abroad, before becoming professor of philosophy at St. Mary's Seminary. He has been Auxiliary Bishop to Bishop Buddy of San Diego since 1956.

Indio Firm Given Permit for Rock Crushing Plant

W. E. Carter of the Massey Rock and Sand Company of Indio was on hand this week when the Board of Supervisors received a report from the County Planning Commission recommending that the company be granted a permit to operate a gravel pit and rock crusher in the Garnet area.

Carter said he was present merely for observance and made no comment, probably because the board granted the permit.

Site of the plant is south of Highway 60-70-99 at a point about half way between Garnet and Palm Springs, with close to 5,300 feet along the Southern Pacific railroad main line.

One provision of the permit is that at such time as the air pollution control district regulations are adopted and become effective, the plant is to conform to any additional regulations which might be required of the district.

Liechtenstein covers 61 square miles and has a population of only 15,000 people. Its history goes back to 1342, when Count Hartmann I became ruler of the Principality of Vaduz, a town that is now the capital.

Montgomery, Shore Residence Is Burglarized

Burglars ransacked the unoccupied Palm Springs home of actor George Montgomery and his wife, singer Dinah Shore, sometime during the past few nights, escaping with an undetermined amount of loot.

The burglary was discovered this morning by gardener Woody Logan. Investigator Robert Davis said the burglars cut through a back door screen and removed a glass pane from the floor to enter the house.

Davis said he recovered a box of linen taken from the house. The box was found between the backyard walls of the Montgomery residence and an adjoining home.

Camerons Here For Visit With Waltah Clarkes

Mr. and Mrs. William Mackie Cameron of Chicago are here visiting their niece and her husband Mr. and Mrs. Waltah Clarke of Via Miraleste. Cameron is vice president of Continental Can Company and his wife Nancy is chairman of Arden Shore, a nationally-known charity organization, which is being featured in the May issue of Coronet magazine.

Other women active in Arden Shore, who are winter residents of Palm Springs, include Mrs. George Barrett, Mrs. Bentley Han dwork and Mrs. Thomas Fleming.

Discussing the organization which she heads, Mrs. Cameron said that Arden Shore is the first Sputnik Age Charity in that for several years now the organization has been taking underprivileged boys and sending them to the camp at Lake Bluff, Ill. for special schooling. The boys are of high I.Q. rating and the idea of the school is to find talent for science and industry. They expect that these boys will become leaders of the nation in their respective fields.

Boys from substandard and bad backgrounds are not necessarily delinquents but are from broken homes, unsatisfactory environments, Mrs. Cameron pointed out. The organization feels that if they did not help the boys they would end up as delinquents or worse. Arden Shore was originated as a fresh air camp about fifty years ago and has a capacity for 48 boys.

One of their fund raising affairs will take place at the Drake Hotel in Chicago in September when Palm Springs shop will take their collection to the Gold Room there for a fashion show of resort fashions.

D.A.R. to Meet

For Luncheon At Hogan Home

Cahuilla Chapter Daughters of the American Revolution will hold a luncheon meeting on March 13 at noon, at the desert home of Mrs. Redmond P. Hogan, the Regent Mrs. August Paul announced today. Cohostesses for the day will be Mrs. William E. Froom and Mrs. Howard Jay.

Members and guests are asked to drive to the junction of Highway 99 and the Twentynine Palms Highway, where Mrs. Froom will be waiting to pilot them to their destination in a lead car.

State Conference will be covered at this meeting and, as it is a conservation program, each member is requested to bring a tree or shrub to plant.

Mrs. America Area Contest Ends Soon

Deadline for area homemakers to enter the Mrs. America contest is drawing close according to an announcement today by L. E. Watkins, Eastern Division contest coordinator for the Southern California Gas Company.

The annual competition to select a "Mrs. America" in honoring the nation's wives and mothers is now in its 20th running and is open to all homemakers married and over 21 years old.

In making the announcement, Mr. Watkins pointed out that all would-be contestants must have their entries into the gas company office postmarked before midnight, Saturday, March 15. Only the applications received before this deadline will be eligible for consideration in the competition for national honors and thousands of dollars in prizes.

From the total field of local entries, contest judges will choose a group of finalists for the regional contest. Top homemaker awarded the regional title will then go on to the Ambassador Hotel in Los Angeles for three days, April 7, 8 and 9, of home-making competition to determine the winner of the new "Mrs. California" title.

Continued each year as test of homemaking skills, the Mrs. America contest brings together the best of the country's cooks, bakers, sewers and household "managers." It is not a bathing beauty contest, and confines individual judging to personal appearance, personality and community and family activities in addition to homemaking abilities.

In addition to the prizes given all regional finalists, the regional winner will receive an automatic gas clothes-dryer, a three-day stay at the Ambassador for herself and her husband, and contest trophy. State finalists will be competing for additional major gas appliances, sewing machine, complete wardrobe, and two weeks in Florida. All state winners throughout the country will compete for the national "Mrs. America" title in May and additional thousands of dollars in prizes.

NEW YORK — Two missed turns made the motor car a symbol of disaster today for the Los Angeles Dodgers.

The first was on Jan. 28 when Roy Campanella reached the end of the baseball road as his automobile overturned. The second came Wednesday when Duke Snider, Johnny Podres and Don Zimmer all were banged up in a Florida crash as Snider also missed a turn in the road.

The outcome of that first crash is obvious from a baseball standpoint but only time will tell what troubles the second will bring.

BECAUSE SNIDER, Podres and Zimmer all were injured in already vulnerable areas. Campanella, still paralyzed in his lower extremities, at 37 must concede that his active baseball career is ended. Snider, at 31, previously was menaced by a bad knee while Podres and Zimmer, comparative youngsters, walked a perilous path because of respective spinal and head injuries.

Snider's knee, on which he recently underwent an operation, was injured in the Florida accident.

Podres suffered a seven-stitch scalp cut and a wrenched neck, conceivably dangerous to a bad back condition which pains him constantly.

ZIMMER, WHO ONCE almost died as a result of a bearing, suffered forehead abrasions.

The key man in this new incident from a day-by-day playing basis is Snider. The Duke is one of the top power men in the National League, having hit 40 or more home runs in each of the last five seasons.

Duke figured that the off-season operation would give him a new lease on life. But even before the accident he admitted that the leg, immobilized for six weeks, needed a muscle buildup.

At best, Snider said, he hoped it would be "right well" before the season starts.

THERE WAS NO EARLY indication as to just how much damage the Duke did to the tender knee when he rammed it against the steering wheel as the tiny foreign car in which he, Podres and Zimmer were riding, left the road and piled into an embankment.

But there is no question that the wallop certainly did him no good. Nor could it have done anything but threaten the dangerous conditions of the always-paining Podres and the game but off-battered Zimmer.

Nor can you blame the Dodgers if they wished for the good old days when ballplayers rode in carriages and figured it was a good luck sign every time they saw a load of barrels. Right now the Dodgers could use a few wagons full of kegs.

Dawson, Doughty 2nd at Las Vegas

Johnny Dawson and Glen Doughty, both of the Palm Springs area, were second with 765 in the 55-59 age division of the Trans-Mississippi Senior Men's tournament on the Desert Inn course at Las Vegas as play started in the second round of the event today.

Gray-Anderson of Phoenix fired a one-under-par yesterday to take the lead. He is competing in the 45-49 bracket.

LIP BEHIND MIKE

NEW YORK — Leo Durocher, former manager of the Brooklyn Dodgers and New York Giants, and Lindsey Nelson have been picked to handle the play-by-play broadcasts for NBC's Saturday afternoon major league telecasts this season. They handled similar chores in 1957.

Snider, Podres Seriously Injured in Highway Accident

Report on Condition Awaited

By FRANK LITSKY

United Press Sports Writer
The Los Angeles Dodgers, whose players stay healthy enough on the diamond, but seemed jinxed on the highway, held their breath today as doctors examined dry X-ray plates of Duke Snider's left knee and Johnny Podres' neck.

Snider and Don Zimmer all were injured Wednesday when a sports car driven by Snider veered off a road into a ditch. An examination of wet X-ray plates showed that Snider and Podres escaped broken bones but the final verdict awaited a medical report on the dry plates.

Zimmer suffered only a bruised forehead and played a full nine innings at shortstop in a camp game the same day. Snider and Podres watched from the stands.

THE ACCIDENT was the third involving Dodgers since last season. Catcher Roy Campanella suffered a broken neck when his auto cracked up at Glen Cove, N. Y., and still is paralyzed. Jim Gentile, a rookie first baseman, escaped with cuts on the arms when a trailer truck struck his car in California.

Other clubs reported a wave of injuries in on-the-diamond accidents. The most serious victims appeared to be pitcher Stan Pita of the Cleveland Indians, outfielder Irv Noren of the St. Louis Cardinals and outfield Al Smith of the Chicago White Sox.

Pita may be out two months with a torn muscle in the right elbow. Noren suffered a possible fractured rib when he crashed into a grandstand wall while chasing a ball. Smith will be out of uniform seven to 10 days with an inflamed tendon and tendon sheath.

MORRIS THACKER, a rookie catcher for the Chicago Cubs, was knocked unconscious when Chuck Tanner collided with him in a play at the plate. Bob Friend, the No. 1 pitcher on the Pittsburgh Pirates, turned his right ankle and limped off the practice field. Rookie outfielder Willie Kirkland of the San Francisco Giants suffered a pulled hamstring muscle.

Other newcomers to the ill-and-unavailable list were pitchers Bob Trowbridge and Don Kaiser of the Milwaukee Braves (score arms), shortstop Roy McMillan of the Cincinnati Redlegs (flu), pitcher Mike Fornieles of the Boston Red Sox (virus) and rookie catcher Billy Poland of the Cardinals (high fever and threat of pneumonia).

Anaheim Netters, Indians to Meet In Round Robin

Palm Springs High School Tennis team will host Anaheim High here tomorrow and Saturday in a Round Robin tournament. The event was originally scheduled for last weekend but set back a week.

Members of the Anaheim team will be guests of members of the local team overnight Friday.

Merchants Meet El Centro Next

Palm Springs Merchants will host the El Centro Growers Sunday at the Polo Grounds in a Riverside Imperial Winter League game. The local Merchants now lead the league with a 4-1 record. Game time is 1:30 p.m.

RECENT VISITOR at the Racquet Club was Don Budge, high-rated United States tennis player shown above (center) with Judy Copeland of the Racquet Club and Frank Ripley of Palm Springs, high-ranking junior netter and first singles player on the Palm Springs High School squad. (Anderson Photo.)

Last Rites for 'Dutch' Smith Set for Friday

Last rites for Harold "Dutch" Smith, former Olympic diving champion and former resident of the Palm Springs area will be held tomorrow at 4 p.m., in La Jolla Mortuary.

Smith, 49, died of cancer at La Jolla yesterday. The family asks that instead of flowers, checks be sent to the La Jolla Youth and Recreation Fund, in care of La Jolla town council, La Jolla, California.

INTERMENT WILL be at Forest Lawn Cemetery, Glendale, at 12:30 p.m., Saturday.

Smith won the Olympic title in 1932 in Los Angeles and later toured the world as an exhibition diver and competitor. In 1936 he coached the German Olympic swimming team. During World War II Smith served in the Marine Corps, teaching thousands of marines how to survive in water under combat conditions.

IN HIS BOYHOOD he competed for the Los Angeles Athletic Club, and in '15 first Olympic competition at Amsterdam in 1928, he placed fourth in high platform diving.

He helped promote the La Jolla annual rough water swim, and was active in the development of community youth events. Smith operated a men's clothing store in La Jolla.

IN PALM SPRINGS and Palm Desert he was a swimming instructor and coach and staged many diving exhibitions here.

Last Oct. 28 Smith married the former Evelyn Carr. Smith's first wife, Vera, died of cancer several years ago. They had no children. Besides his widow, he leaves his brother William of Los Angeles. He is also survived by Edith Eddy Ward of Palm Desert, a cousin.

Top Pros Tee Off In New Orleans

NEW ORLEANS — The nation's top pro golfers teed off today in the first round of the \$20,000 Greater New Orleans Open Tournament—the first PGA tournament in New Orleans in the past 10 years.

Winds up to 25 miles per hour and rains were expected to handicap the first day scores for the 72-hole tournament after a week of balmy temperatures and sunshine.

Top money winners and the 60 top scorers in the Baton Rouge Open were automatically qualified.

THESE INCLUDED Baton Rouge winner Ken Venturi, of San Francisco, the top money winner of three tournaments in the PGA winter circuit; runnersup Arnold Palmer of Latrobe, Pa., and Lionel Hebert of Lafayette, La.; Bill Casper, winner of the Bing Crosby Tournament, and Ed Porky Oliver, winner of the recent Houston Open.

Palmer, who did not play in Monday's pro-am warmup to today's open, attracted a small gallery as he fired practice rounds of Tuesday and Wednesday. So did Venturi, Frank Stranahan and Don Whit.

Freddie Haas Jr., of New Orleans, who lost the last New Orleans Open by one stroke in 1948, was also a strong favorite. Haas wound up in fifth position at the Baton Rouge Open. The course record for the New Orleans City Park, 276, was set by Henry Picard in 1941.

THE BIGGEST PRACTICE round gallery went to massive George Bayer, playing out of San Gabriel, Calif., who consistently slammed out drives 300 yards plus across the lagoon-dotted course.

Officials at the city park course said the fairways are in excellent condition considering the freak snowstorm here last month. Some bare patches and low lies have been circled, where players may move the ball out of the circles, but winter rules will not be observed.

Under the rules the field will be trimmed to 60 players after 36 holes. Finals for the 18-hole-a-day affair will be Sunday.

Back tees on three holes, in use only for the tournament, increased the overall length of the course from 6600 to 6900 yards. Missing from the ranks of touring pros was Jimmy Demaret, of Kiamasha Lake, N.Y., who left the circuit after defending his 1957 Baton Rouge title. Demaret, complaining of a touch of influenza during the Baton Rouge meet, left for Houston, where he is developing a golf course.

TIGHE THINKS DETROIT WILL WIN AL PENNANT

LAKELAND, Fla. — Manager Jack Tighe, a fourth-place finisher last season, today gave his Detroit Tigers "a good chance" to win the American League pennant.

"After all, the Yankees are not invincible," he said. "They won last year because they beat the Kansas City Athletics 19 times. They don't figure to do that again."

General Manager Johnny McHale echoed Tighe's optimism. "I really think we can win it this year," McHale said. "We got off to a miserable start last season and we had more than our share of injuries."

That bad start still has Tighe reeling. "Few people realize that by Aug. 1 of last year, with the season just about over as far as we were concerned, Frank Lary and Billy Hoelt, the two pitchers we had counted on most, had a total of only seven victories between them," Tighe explained.

"They went on to win a total of 20 games, but that sure was a long way off from the total of 41 they won in 1956."

"You can't let the second division clubs keep beating you like that if you have any designs on the pennant," Tighe continued.

The Tigers were one of the rougher clubs in the league against the Yankees and Tighe looks for even more improvement in his pitching this year due to the addition of Tom Morgan, obtained from the A's along with Billy Martin; left-hander Hank Aguirre, acquired from Cleveland, and rookie Bob Shaw, a recent sensation in the Cuban Winter League.

The bald-headed Tighe has every confidence that Martin will do the job for him at shortstop, thus freeing Harvey Kuenn for duty in centerfield.

"With Kuenn, Al Kaline and Charley Maxwell, I think we'll have one of the best hitting outfields in the league," Tighe declared.

Say Baseball Threatened By New Law

Congress Warned It May Kill Game By Proposed Act

WASHINGTON — Organized baseball warned Congress today that it could kill the national pastime by passing a proposed anti-trust law.

Lawyers for the major and minor leagues told the House Judiciary Committee that passage of the bill would "invite" court tests of every baseball rule, agreement and practice.

"No more effective way to destroy organized baseball could be devised," the attorneys said.

The lawyers submitted an eight-page statement spelling out their arguments against the bill, recently approved by a subcommittee which held long hearings last year.

The Supreme Court has ruled that baseball does not come under federal anti-trust laws. But it later ruled that professional football does, and implied that hockey and basketball do, too.

THE BILL SEEKS to place business aspects of the four sports—such as stadium ownership—under the anti-trust laws. It would exempt practices which are "reasonably necessary" to equalizing team strengths, team territorial rights, and the preservation of public confidence in the honesty of the sports.

Commissioner Bert Bell of the National Football League has praised the bill. But baseball's lawyers said it wouldn't help baseball, or any of the other sports either.

"It simply subjects baseball to the anti-trust laws and says 'justify your practices in court,'" the statement said.

THE LAWYERS SAID enactment of the measure would:

"Wipe out completely" baseball's anti-trust exemption declared by the Supreme Court in 1922 and reaffirmed in 1953.

Put baseball in the same position as "ordinary commercial enterprises."

"Permit and provoke endless litigation of every rule and agreement regulating the sports aspects" of baseball.

Make "uncertain and unpredictable" the legality of baseball rules and agreements, such as the player reserve clause.

"Jeopardize the continued existence of baseball by the burden of harassing litigation."

WHEN THE SUPREME COURT made the ruling in 1953, the statement said, seven anti-trust suits for more than 13 million dollars were pending against baseball. It said none of these went to trial but legal costs to baseball nevertheless totaled several hundred thousand dollars.

"The subcommittee bill is an invitation to renewal of this harassing litigation which baseball simply cannot afford," it said.

Rep. Kenneth B. Keating (R-N.Y.), a member of the Judiciary Committee, said baseball's stand shows that their practices are "reasonably necessary." Unless this amendment is adopted, he said, the bill "will have rough sledding."

60 Turn Out for Men's Choose-Up Play at O'Donnell

L. C. SMITH, captain of the Con-Car polo team, one of the winners in Eldorado's recent polo tournament, shown in action. Smith, governor of the Pacific Coast Polo Circuit will participate in more polo tournaments at the Eldorado field.

Plan More Polo Tournaments at Eldorado Field

Eldorado Country Club's new polo field, successfully dedicated last Sunday with two fast polo games before a crowd of more than 2500, will be the scene of further polo action this Spring with another tournament tentatively scheduled for a week from Sunday.

The proceeds of last Sunday's program went to the Palm Springs United Fund Drive.

MANY OF the leading polo players from the west coast and from Mexico were in action here and will be again.

One of the leading backers of the sport is L. C. Smith whose Con-Car team was a winner last Sunday.

Smith is governor of the Pacific Coast Polo Circuit and has played in the United States and Australia.

HE HAS WON the National Circuit championship in the United States.

The name of his team captained by Smith, Con-Car, is a contraction of the names of his two daughters, Constance and Caroline.

Jackson, Cirata Put on All-RCL Basketball Teams

Bobby Jackson of the Palm Springs High School Varsity basketball team who finished fourth in Riverside County League scoring ranks, was chosen as center on an All-RCL first string team by coaches and sports writers and Stan Cirata, who was 14th in the League, was chosen on the second string.

Joe Lewis and Dave Lance of the Indians were in the "Honorable mention" list of the first string and Jeff Lilley, Bill Ivey and Eric Williams on the Bee first team.

JACKSON WAS HIGH scorer for the Indians this year with 453 points in 14 games for a 33.1 average. Joe Lewis scored 135 in 14 games for a 9.9 average and Cirata had 130 in 14 for 9.3.

In the Bee division, Marty Berk topped the Papoose quintet and was second in the league with 165 points in 13 games for an average of 12.7. Bill Ivey, ninth in the RCL, was second high Bee scorer with 116 in 13 games for 9.4. Right behind him in 10th RCL spot was Allen Elrod with 81 points in 9 games for a 9.0 average. Jeff Lilley had 112 in 14 games for 8.0.

ORDINANCE NO. 173

AN ORDINANCE OF THE CITY OF PALM SPRINGS, CALIFORNIA, ORIGINALLY PASSED FOR THE PURPOSE OF SUBMITTING TO THE QUALIFIED VOTERS OF SAID CITY A PROPOSITION TO INCORPORATE A CERTAIN MUNICIPAL IMPROVEMENT.

WHEREAS, the City Council of the City of Palm Springs, California, did on the 11th day of February, 1958, by a vote of more than two-thirds of the members of said City Council, adopt Resolution No. 5607, entitled "Resolution of the City Council of the City of Palm Springs, California, determining that the public interest and convenience demand the acquisition and construction of a certain municipal improvement, and making findings relating thereto," which said resolution was duly signed and approved by the Mayor of the City of Palm Springs, California, and attested by the City Clerk of the City of Palm Springs, California;

NOW, THEREFORE, the City Council of the City of Palm Springs, California, DOES ORDAIN: That a special election be held, and the same is hereby called to be held in the City of Palm Springs, California, on the 29th day of April, 1958, for the purpose of submitting to the qualified voters of said city, for their approval or disapproval, the following propositions:

Section 1. That the estimated cost of said municipal improvement is the sum of \$1,500,000 and that the amount to be incurred therefor is the sum of \$1,500,000. The estimated cost of said municipal improvement includes any and all of the following: (a) legal or other fees incidental to or connected with the authorization, issuance and sale of the bonds; and (b) the costs of printing the bonds and other costs and expenses incidental to or connected with the issuance and sale of the bonds.

Section 2. That the maximum rate of interest to be paid on the bonds to be issued for the purpose stated in this ordinance shall not exceed the maximum rate permitted by law to wit, six percent (6%) per annum, payable annually for the first year and semi-annually thereafter, the actual rate of interest on said bonds to be determined at or prior to the time of the sale of said bonds.

Section 3. That the authorized number of bonds to be issued for the purpose stated in this ordinance shall not exceed the number of votes of the qualified electors voting on said proposition, bonds of said city to be issued for the purpose stated in this ordinance shall be sold for not less than the face value thereof.

Section 4. That the day of said election shall be on the 29th day of April, 1958, at 10 o'clock A.M. of the day of said election and shall remain open until 6 o'clock P.M. of the same day, when said polls shall be closed, except as provided in Section 5 of the Election Code of the State of California.

Section 5. That on the ballots to be used at said special election in addition to any other matters required by law, there shall be printed substantially the following:

MARK CROSS (X) ON BALLOT ONLY WITH RUBBER STAMP, NEVER WITH PEN OR PENCIL. (BALLOT BALLOTS MAY BE MARKED WITH PEN AND INK OR PENCIL.)

INSTRUCTIONS TO VOTERS: To vote on any measure, stamp a cross (X) in the voting square after the word "YES" or "NO" after the word "YES" or "NO". All marks except the cross (X) are forbidden. All distinguishing marks or erasures are forbidden and make the ballot void.

Section 6. A cross (X) placed in the voting square after the word "YES" in the manner hereinafter provided shall be counted in favor of the adoption of the proposition. A cross (X) placed in the voting square after the word "NO" in the manner hereinafter provided shall be counted against the adoption of the proposition.

Section 7. That for the purpose of holding said special election there shall be and are hereby established six (6) voting precincts designated as hereinafter stated. Each such voting precinct shall consist of a consolidation of regular election precincts in the City of Palm Springs (of the numbers hereinafter stated) established for the holding of state and county elections, as said regular election precincts exist on the date of adoption of this ordinance. That the polling places for the respective precincts shall be the places hereinafter named, and that the persons hereinafter named being competent and qualified electors and residents of said City of Palm Springs, California, are hereby appointed officers of election for their respective voting precincts, and they shall hold said election and make return therefor in the manner provided by law.

Deanna Durbin Still Sings-At Home in France

By PAT HERMAN
United Press Staff Correspondent
NEUPHLE - LE - CHATEAU, France (AP) — Remember Deanna Durbin? Well, she is now a happy French housewife who says nothing could lure her back to Hollywood.

Still a beautiful brunette, though heavier than in her film days, the 34-year-old Deanna says for the first time in her life she is enjoying privacy with her family.

"And I would not change it for the world," she said.

DEANNA ENDED a 13-year movie career in 1949 to marry French film director Charles David and retire to this village of 958 people less than 30 miles from Paris. Her talk with me was her first interview since then.

"I was never happy making pictures," she said. "They never allowed me to grow up as a normal child."

Mrs. David said she has determined to spare her daughter, 11-year-old Jessica, and her son, Peter, 6, a similar childhood.

"SOME MOVIE STARS say this but don't mean it," said her distinguished-looking, 51-year-old husband. "But in my wife's case, the 'no' on publicity is definite."

The Davids live in a two-story farm house surrounded by a high stone wall. The local ragman across the road tips them off when "uninvited guests" are seen in the vicinity.

Deanna still practices — one hour every morning.

"Now I can sing whatever I like," said the actress who once made \$150,000 a picture.

"BUT THE MOST exciting thing at the moment is Peter studying piano. We go into Paris once a week for lessons. He is not yet in the Mozart stage, but I get a tremendous kick out of singing with him to help him practice."

Deanna drives the family car and does most of her own shopping in nearby markets. The shopkeepers respect her as a canny bargainer and the butcher says he is sure she is a good cook. She and her husband still make frequent trips to Paris to go to the theater and dinner parties.

She plans to visit her parents, Mr. and Mrs. James Durbin of North Hollywood, this summer.

Palm Desert Road Names Up for Hearing

April 7 at 10 a.m., was set by the Board of Supervisors this week for a hearing on names of county thoroughfares in the Palm Desert area which though continuous bear more than one designation.

The supervisors have announced their intention to designate 44th Avenue as the name for the entire road now known as Greenleaf Avenue, Greenleaf Street, and 44th Avenue between Fairhaven Drive and Cook Street, and also to designate Deep Canyon Road for the entire road known as Mitchell Road, San Pedro Avenue and Deep Canyon Ranch Road running approximately from 44th Avenue on the north to its southerly end in Deep Canyon Ranch Properties subdivision unit No. 3.

Chuckawalla Well Authorized

The Board of Supervisors allocated \$750 of fish and game monies this week for the purpose of drilling a water well in the Chuckawalla mountains some 16 miles from Highway 60-70 about 16 miles south of Desert Center.

The allocation was requested by the county fish and game commission. The Department of Fish and Game will drill the well under the supervision of Officer Richard Weaver, according to O. A. Dinnis, commission secretary.

Kovely Starts Campaign for Sheriff's Office

Former Sheriff's Captain John J. "Jack" Kovely today reaffirmed his candidacy for election to the office of Riverside County Sheriff.

Kovely, who resigned last November after 18 years of continuous county law enforcement service, said he is campaigning for "more efficient and economical administration."

A life-long resident of Riverside, Kovely graduated from Riverside City College. He joined the sheriff's office in 1939 and has served in almost every department during his years as a deputy.

He was a supervisory staff officer in the sheriff's office for 14 years before his voluntary retirement.

Water District Candidates Set For Election

Publication of proclamations calling elections in three country water districts was ordered by the Board of Supervisors this week to be consolidated with the general election March 25. Candidates for directorships as shown by the proclamation are as follows:

Coachella Valley County Water District, Division 1, C. J. Frost and Anna Elizabeth Nelson; Division 3, Leon C. Kennedy; and Division 5, George H. Leach.

Cabazon County Water District, Arthur B. Aten, August J. Bruder, Hazel R. Koger, Adeline Lawhead, L. Dee Tallent, Jack E. Terry.

Pine Cove County Water District, Ray P. Adams, Robert A. Appleton, Beth Stebbins, Richard H. Wright.

Four Foresters Added to Staff For Saturday

Four additional Foresters have been added to the U. S. Forest Service Staff on the San Bernardino National Forest effective March 1.

Forest Supervisor Sim E. Jarvi, in announcing the new positions today, said, "The need for these additional Foresters, to better manage the Forest resources and serve the public, is reflected in the heavy increase of use of this Forest and also increased activities such as the 'Operation Outdoors' Recreation Program, salvage cutting of insect infested trees, watershed and wildlife management."

Life of Male Model Doesn't Match That Of Girl, But It's Quick Way to Bank Balance

By GAY PAULEY

United Press Staff Correspondent
NEW YORK — (AP) — The life of the male model hardly matches that of the girl for glamour. But it's a quick way to a hefty bank balance.

"All right, so the men don't get taken to lunch at the Stork Club or their names in the gossip columns," said a spokesman for Burke McHugh, one of the four or five agencies in Manhattan booking male as well as female models.

"BUT THEIR assignments are steady, the pay gets better every year, and their work life span can be longer, if they want to stay in it."

Joel Rice, manager at McHugh, said women still outnumber the men, about three to one, and out-earn them. But the fellows, since World War II, have been moving in. Major reason: Advertising suddenly is aware a man appeals to a woman, and the lady customer is mighty apt to listen when he delivers a pitch about say a refrigerator.

A TOP-FLIGHT male model will earn \$35 to \$40 an hour, compared with the \$50 to \$75 some photographic and high fashion females haul down. But the girls have more overhead, in clothes, hair-do and makeup. And the public, agencies said, are apt to tire of the female model sooner, because she is so well publicized.

Vacation visitors in New Hampshire spend an estimated 200 million dollars annually, the State Planning and Development Commission reports.

The girls also work full time," said Cye Perkins, former model and now assistant manager for the Hartford Agency. "For a lot of men, modeling is a sideline. . . sort of a balance for their other interests. One of our top models sells insurance; another owns a nightclub; one is a photographer."

TYPICAL OF THE men using modeling as a means to an end is Lionel Wiggam, one of Hartford's leading talents and a "regular" for years in newspaper advertisements or a men's clothing chain.

Wiggam wants to devote full time someday to play - writing. From Princeton, class of '43, he headed directly to Hollywood where he did screen plays for Warner Brothers and Universal-International.

ONE OF HIS movie hits was "Smash-up," starring Susan Hayward. And, he's written numerous poems and stories, published in

leading magazines, including "The New Yorker."

Now, he's so well established as a model he works at it two and one-half days a week in winter; only one day a week in summer. The rest of the time he devotes to writing.

"The greatest danger in modeling? That a man is seduced by all the dough he can make, and doesn't pursue his prime ambition," said Wiggam.
